## PROFILE

Trained at École Boulle in Paris, I have spent eighteen years turning interior concepts into finished spaces — from five-star hotels and luxury boutiques to restaurants, offices and private residences in Switzerland and France.

I lead the full chain: concept and moodboards with 3D designers, tender and budget, then site direction until handover, so the space that opens is the space that was designed. Specialist in rescuing troubled projects and in works inside operating hotels and shops. Relocating to Dubai to join a hospitality, branded-residence or luxury fit-out team.

## DESIGN DIRECTION

- Concepts & moodboards
- Design intent with 3D designers
- Concept & detailed design review
- Client & developer presentations
- Design intent protected on site

## BUILD DIRECTION

- Interior fit-out — Design & Build
- Tender packages, BOQ & cost plans
- Value engineering & variations
- Programme management & site supervision
- Consultant & engineer coordination
- Permits & authority approvals
- Works in operating hotels & shops
- Snagging, handover & HSE
